PROFESSIONAL SUMMARY

Fullstack Developer and IT Systems Builder with 2+ years of hands-on experience building and deploying production-grade systems — including HRIS, CBT platforms, CRM dashboards, and IoT-based solutions — serving 2,000+ real users. Experienced in end-to-end ownership: from system design, API integration, and CI/CD pipeline setup to cloud VPS deployment, network infrastructure management, and post-launch UAT. Proven ability to lead vendor coordination, manage IT budgets and assets, and deliver zero-to-production within tight timelines. Currently in 7th semester of Informatics at Horizon University, Karawang. Trained in Toyota work principles: Kaizen, JKK, and 5R.

TECHNICAL SKILLS

Backend & Frameworks:

- PHP 8.2, Laravel 12.0 (Routing, Eloquent ORM, Middleware, Queue), Livewire 3.6, CodeIgniter 3, Node.js, Python, Go (in progress)

Frontend & Build Tools:

- TypeScript, Vue.js, React.js, Blade, Alpine.js, Tailwind CSS 3.1.0, Vite 4.5.3, UI/UX Design

Database:

- MySQL (Query Optimization, Migrations, Database Design), PostgreSQL, SQLite, Firebase, SQL Programming (Certified — Oracle Academy)

Security:

- CSRF Protection, XSS Prevention, SQL Injection Prevention (Eloquent ORM), Secure Browser Implementation, Anti-Cheating System (OpenCV Computer Vision)

Infrastructure & DevOps:

- CI/CD (GitHub Actions), Cloud VPS Deployment & Migration, Linux, Nginx, CyberPanel, Git & GitHub, Hostinger, Alibaba Cloud (OSS), Server Management, Automated Backup, SSL Management

Networking:

- UniFi & Ubiquiti Network Administration, Mikrotik, LAN/WAN, SD-WAN, Network Policy Management, IT Support & Troubleshooting

Integrations & Tools:

- REST API & OpenAPI Development, Fingerprint Device API (SOAP/XML), HubSpot API, Gmail API, WhatsApp API
- VS Code, MS Office, Canva, Adobe Photoshop, PuTTY (SSH/SCP)

Hardware & IoT:

- Arduino, Raspberry Pi, Access Control Systems, CCTV Integration (Hikvision — HACE & HCSA Certified), Printer Server Setup

AI-Assisted Development (Vibe Engineer):

- Cursor, Claude AI — accelerated development, code generation, and technical problem solving

Project & QA:

- UAT (User Acceptance Testing), Vendor Coordination, IT Budgeting & Asset Management, Stakeholder Reporting (Manager & Director level), Project Documentation

Toyota Principles:

- Kaizen (Continuous Improvement), JKK (Problem Identification & Resolution), 5R Workplace Management, Ownership Mindset

WORK EXPERIENCE

Fullstack Developer & IT Project Coordinator — Intern

June 2025 – Present

Akademi Komunitas Toyota Indonesia (AKTI), Karawang — Internship

Development & Systems:

- Led end-to-end development of a full-featured HRIS (attendance, payroll, overtime, leave management) using Laravel 12 and Node.js — deployed to production on Cloud VPS with full ownership from architecture to launch
- Engineered real-time fingerprint device integration via custom Node.js API (SOAP/XML protocol) — reduced HR data processing time by ~99% (20 hours/month → under 10 minutes)
- Built and deployed CBT Exam Platform (exam.akti.ac.id) — served 2,000+ participants, eliminated 100% of platform licensing costs, implemented multi-layer anti-cheating via OpenCV webcam monitoring
- Deployed open-source e-library (SLiMS) to AKTI cloud VPS including full database migration — e-library.akti.ac.id
- Set up and managed CI/CD pipeline using GitHub Actions for automated build, test, and deployment workflows

Project Coordination & QA:

- Led UAT for vendor-developed Student Information System (SIS) — sakti.akti.ac.id, a Rp250 million project — identified and documented bugs, coordinated fix cycles with vendor, reported progress to Manager and Director
- Conducted server infrastructure analysis and authored backup server planning proposal including cost analysis and physical placement strategy — presented to Unit Head
- Applied JKK methodology to identify, document, and resolve recurring IT operational issues — improving system reliability and reducing incident recurrence
- Coordinating full migration of all deployed systems from cloud VPS to on-premise local server

Infrastructure & Networking:

- Configured and managed UniFi & Ubiquiti WiFi network infrastructure across campus — high availability, optimal bandwidth distribution, and network security
- Configured and managed Mikrotik routers — LAN/WAN setup, SD-WAN configuration, and network policy management
- Managed entire institution web ecosystem via CyberPanel — VPS deployment, domain configurations, server maintenance, and automated backup routines
- Set up and maintained printer server for campus-wide printing infrastructure
- Provided IT Support for internal staff — hardware, OS, network connectivity, and peripheral device troubleshooting

Budgeting & Vendor Management:

- Handled IT budgeting — planned and tracked IT expenditure for hardware, software, and infrastructure projects
- Managed IT asset inventory — tracked hardware lifecycle, software licenses, and equipment allocation
- Coordinated with external vendors for procurement, maintenance contracts, and technical support agreements

Toyota Principles & Others:

- Applied Toyota work principles: Kaizen, JKK problem-solving, 5R workplace management, and Ownership mindset in all IT operations
- Served as Multimedia Operator at AKTI 1st Decade Anniversary & Graduation Ceremony attended by Mr. Mitsuru Kawai (TMC Executive Fellow, Toyota Motor Corporation)

Fullstack Developer — Freelance

January 2023 – Present

Self-Employed, Karawang

- Built JalanKu/Hibuzz student prospecting dashboard for Horizon University — integrated HubSpot CRM via API using TypeScript, collected 1,800+ student leads covering ~90% of SMK/SMA in West Java & Jabodetabek — delivered zero-to-production in 3 weeks as solo Project Manager & Developer — jalanku.horizon.ac.id

- Developed FazTech company profile & CCTV service website (CodeIgniter 3) — designed and built solo, delivered in 2 months — faztechcctv.com
- Built Payroll & Cooperative Management Web App for a company cooperative (CodeIgniter 3) — replaced error-prone Excel workflow with full audit trail — payrolkopkarsejahtera.com
- Built KUA West Karawang web application — full cycle from ISAD/data-structure analysis through deployment
- Participated in GDSC HackFest 2024 (Google Hackathon) — Team Arthemis, sponsored by Telkom Indonesia, SDGs theme

IT Support Intern
2023 – 2024

HorizonU Campus, Karawang

- Provided technical support for campus IT infrastructure, network systems, and computer lab management

KEY PROJECTS

HRIS — Human Resource Information System
2025

AKTI Karawang | Laravel 12, Node.js, MySQL, Cloud VPS, GitHub Actions | hris.akti.ac.id

- Attendance (fingerprint via SOAP/XML), Payroll, Overtime, Leave Management — fully paperless
- ~99% reduction in HR processing time: 20 hours/month → under 10 minutes
- CI/CD pipeline via GitHub Actions for automated deployment

CBT — Computer-Based Test Platform
2025

AKTI Karawang | Laravel, Vue.js, MySQL, OpenCV | exam.akti.ac.id

- Online exam system for university entrance — 2,000+ participants, 100% platform cost eliminated
- Anti-cheating: secure browser lockdown + real-time OpenCV webcam monitoring

JalanKu/Hibuzz — Student Prospecting Dashboard
2025

Freelance — Horizon University | TypeScript, Vue.js, Laravel, HubSpot API, MySQL | jalanku.horizon.ac.id

- 1,800+ leads collected — ~90% SMK/SMA coverage in West Java & Jabodetabek — delivered in 3 weeks
- HubSpot CRM integration via API for automated lead management

WaterSense — IoT-Based Early Flood Detection System
2026

Team Project — Horizon University Innofest 2026 | Arduino, Raspberry Pi, Python, Laravel

- 2nd Place Winner at Innovation Festival (Innofest) 2026, Faculty of Informatics
- Integrated IoT water-level sensors at critical rivers with centralized web and mobile dashboard
- Real-time data sync analyzing rainfall and river levels — triggers automated push notifications and audio alerts
- Role: Fullstack Developer & Project Coordinator — backend (Laravel + Python), hardware integration, team coordination

SIS Vendor Project — UAT Lead
2025 – Present

AKTI Karawang | Rp250 million project | sakti.akti.ac.id

- Led UAT process: identified bugs, coordinated fix cycles with vendor, reported to Manager & Director

FazTech — Company Profile & CCTV Website
2025

Freelance | CodeIgniter 3, PHP, MySQL | faztechcctv.com

- Full company profile with product catalog, order inquiry, portfolio gallery, admin panel — solo delivery in 2 months

Payroll & Cooperative Management App 2023

Freelance | CodeIgniter 3, MySQL | payrolkopkarsejahtera.com

- Replaced Excel-based workflow — full payroll, member management, savings & loans with audit trail

EDUCATION

Bachelor of Informatics (Ongoing — 7th Semester) 2022 – Present

Horizon University, Karawang

- Coordinator, Web Club (C3) and Networking Club (Netify)
- Leader, HorizonU Exhibition Event — managed team of 4+ staff

Vocational High School — Light Vehicle Engineering Graduated June 2019

SMK Walang Jaya, Bandung, Indonesia

CERTIFICATIONS

Technical & Security:

- Hikvision Access Control Expert (HACE) & Hikvision Certified Security Associate (HCSA) — Hikvision Digital Technology (2025–2026)
- Database Programming with SQL — Oracle Academy, Distinction (November 18, 2024)
- Using OSS to Publish a Static Website — Alibaba Cloud Academy | Valid until Aug 13, 2026 | Serial: ACFW240240800131103
- Operate and Manage Object Storage on the Cloud — Alibaba Cloud Academy | Valid until Aug 13, 2026 | Serial: ACFC05240800131071
- Cyber Security Webinar — UPI & HorizonU Campus (2023)
- Alibaba Cloud Learning: Introductory to Advanced — HorizonU (2023)

Dicoding:

- Belajar Dasar Manajemen Proyek — Dicoding | Credential ID: 07Z67D3VYPQR
- Belajar Dasar Pemrograman JavaScript — Dicoding | Credential ID: MZVOL5RNXN9
- Belajar Membuat Front-End Web untuk Pemula — Dicoding | Credential ID: 72ZDJM3L6ZYW

Language:

- English for Intermediate Learning & TOEFL — Score: 448

ACHIEVEMENTS & COMPETITIONS

- 2nd Place — Innovation Festival (Innofest) 2026, Faculty of Informatics, Horizon University | Project: WaterSense (IoT-Based Early Flood Detection System)
- 1st Winner — Best Video IT Exhibition, KUA Simara Project
- 2nd Place — Simara Project Presentation
- Certificate of Participation — GDSC HackFest 2024 | Sponsored by Telkom Indonesia | Team Arthemis | UN 17 SDGs
- Participant — Apple Exhibition, BSD Tangerang Selatan

LANGUAGES

- Indonesian — Native
- English — Intermediate (TOEFL Score: 448)

SOFT SKILLS

- Ownership Mindset • Leadership & Team Coordination • Stakeholder Communication • Vendor Management • IT Budgeting & Asset Management • Problem Solving • Critical & Analytical Thinking • Fast Learner • Detail-Oriented • Time Management • Kaizen • JKK • 5R Workplace Management
